## United Way Campaign 2021

### *DID YOU KNOW...*

**100% of your tax-deductible donation directly benefits the Chula Vista Police Foundation**

Through the City's United Way Campaign, employees can contribute to Chula Vista Designated Charities via payroll deductions. Because the contributions are processed internally by City staff, **100% of your donation goes directly to the Chula Vista Police Foundation.** There are no United Way administrative fees.

As the Chief of Police, I am in a unique position to work toward strengthening community bonds and focusing on forming new relationships with organizations, that together with the Chula Vista Police Foundation will make a positive impact on the citizens of Chula Vista. With that partnership in mind, I would like you to consider supporting the Chula Vista Police Foundation via the City's United Way Campaign.

Incorporated in 2003, Chula Vista Police Foundation is a 501(c)(3) organization whose mission is to support law enforcement programs and community events that are not included in the City's budget. Over the past years, the Police Foundation funded the following initiatives to support our Department:

- UV light devices for equipment disinfection
- Tactical tourniquets for all field personnel
- Narcan & carrying cases to enhance officer safety
- Outdoor kitchen in PD Courtyard
- Cordico employee wellness app
- Department's first drones to launch the internationally-acclaimed program
- K-9s & Basic Handler Training
- Replace aging fitness equipment in employee gym
- Upgraded training simulations for VirTra
- Initial contribution to implement Body Worn Camera program
- PD Community Relations van

None of these purchases would have been possible without the support of generous donors like you.
